1. "Photographic documentation of genital injury;" Sexual Assault Nurse Examiner Training; Philadelphia, PA; November 2008

### **C. Research Support**

F31NR011106: Everett (PI) 01/01/09-07/01/12

National Institutes of Health, National Institute of Nursing Research

***Skin Elasticity and Skin Color: Understanding Health Disparity in Sexual Assault***

Goal: To test the relationship between skin color and skin elasticity in women. **Role: PI**

2R01NR05352: Sommers (PI) 06/01/07-03/31/11

National Institute of Nursing Research; National Institute of Mental Health

***Injury from Sexual Assault: Addressing Health Disparity***

Goals: To determine if women after sexual assault have a significantly greater prevalence of intercourse-related ano-genital injuries as compared to women after consensual sexual intercourse; to determine if intercourse-related injuries are less likely to be identified in women with dark as compared to light skin color. **Role: Senior Technical Consultant**
