

How to Join from a Browser

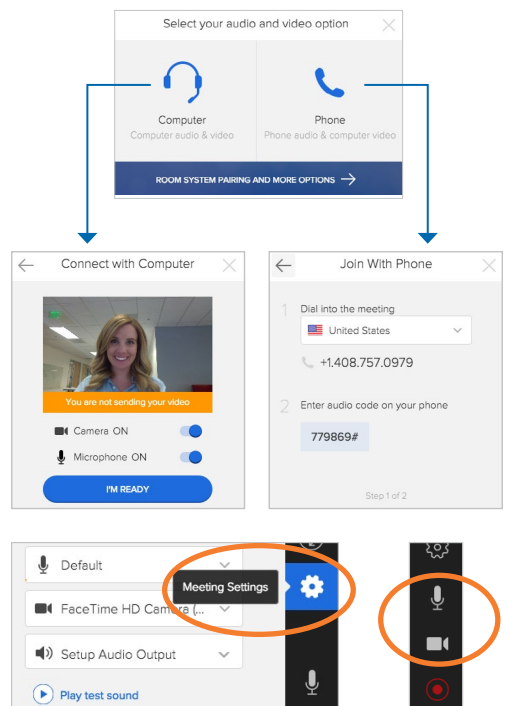

STEP 1

From your computer, click on the meeting link from your calendar, email invite or bluejeans.com meeting page.

STEP 2

Decide how to join

- Select Computer to listen and talk through your computer.
 - This option will give you the best audio quality experience. A headset with microphone is recommended for most environments.
 - Blue Jeans gives you Options for turning your camera and microphone on or off before joining the Meeting.
- Select Phone if you prefer to use your phone for audio.
 - Select the number to dial from the dropdown menu.
 - Once dialed, enter the pairing code on your phone. Pairing merges your phone connection with your browser identity in the meeting.

In Meeting Tips!

- Meeting Settings: Specify the devices you prefer to use to connect to meetings
- Enable or disable your camera or microphone at any time by clicking on the icons

About Blue Jeans

At Blue Jeans Network, our mission is to make video communications as easy and pervasive as audio communications, enabling more effective collaboration at work, at home, and on the road. Our cloud-based conferencing service makes this possible by enabling customers to connect with each other seamlessly anytime, anywhere, and from practically any device.
