

## **COVID-19: Share your experience**

Need some guidance on how to share your experience? This can be clinical practice, research, faculty courses, or student experiences. Here are some COVID-19 prompt questions. You don't have to answer all of them, though if you'd prefer, feel free to take this form and email us your response with a last page.

How has COVID-19 impacted your day-to-day life (work, personal, education)?

Tell us how you practice social distancing and what impact as it has on your work, social, and/or personal life?

Has there been an experience with COVID-19 that sticks in your mind (caring for a patient, etc.)?

If you have experienced limited PPE, how has that affected you both professionally and emotionally?

How has moving to online courses impacted how you teach or learn?
