Brooke Arguelles, Fairfax, VA

I am a sophomore in the KBSY program and spent my weekend on a three-day ship my daughter to be a medical student. Last year at the University of Pennsylvania, I was able to experience shadowing various people in the medical field. I have been able to do everything I set out to do as a prospective student, and more. I am grateful to have been able to provide both academic and extracurricular opportunities for students.

Cecilia Wang, San Marcos, CA

As President of Student Nurses at Penn, with the help of faculty, I've had such a rewarding experience being able to provide both academic and extracurricular opportunities for nursing students. I can't stress enough the amount of opportunities and cross-disciplinary resources available to students.

Liat Greenwood, West Orange, NJ
