

STEVEN PAUL MEANLEY, PhD, MPH

UNIVERSITY ADDRESS

University of Pennsylvania School of Nursing
Claire M. Fagin Hall
418 Curie Boulevard
Philadelphia, PA 19104
smeanley@nursing.upenn.edu

EDUCATION

2014 – 2017	PhD in Behavioral and Community Health Sciences University of Pittsburgh Graduate School of Public Health, Pittsburgh, PA Dissertation: “Experiences of Discrimination and Social Well-Being of Midlife and Older Adult Men Who Have Sex with Men from the Multicenter AIDS Cohort Study”
2011 – 2013	MPH in Health Behavior and Health Education Concentration in Research Methods University of Michigan School of Public Health, Ann Arbor, MI
2006 – 2011	BA in Psychology BMus in Saxophone Northwestern University, Evanston, IL

POSTGRADUATE TRAINING & FELLOWSHIP APPOINTMENTS

2020 – 2018	Fellow , Research Education Institute for Diverse Scholars (REIDS) Center for Interdisciplinary Research on AIDS, Yale University, New Haven, CT
2018 – 2019	Early-Career Scholar , Mid-Atlantic CFAR Consortium (MACC) Scholars Program
2017 – 2019	Post-Doctoral Fellow , Program for Sexuality, Technology, & Action Research (PSTAR) University of Pennsylvania School of Nursing, Philadelphia, PA

PROFESSIONAL EXPERIENCE

2020 – Present	Assistant Professor in Nursing, Tenure Track Department of Family and Community Health University of Pennsylvania School of Nursing, Philadelphia, PA
2020 – Present	Co-Director of the Implementation Science Program for Ending the HIV Epidemic Penn Center for AIDS Research (CFAR) University of Pennsylvania Perelman School of Medicine
2019 – 2020	Research Associate Program for Sexuality, Technology, & Action Research (PSTAR) University of Pennsylvania School of Nursing, Philadelphia, PA

2014 – 2017	T-32 Pre-Doctoral Trainee Center for LGBT Health Research University of Pittsburgh Graduate School of Public Health, Pittsburgh, PA
2014	Research Analyst Department of Research and Evaluation YMCA of the USA, Chicago, IL
2013 – 2014	Research Analyst
2011 – 2013	Graduate Research Assistant Center for Sexuality & Health Disparities (SexLab) University of Michigan School of Public Health, Ann Arbor, MI
2009 – 2011	Undergraduate Research Assistant Department of Psychology Northwestern University, Evanston, IL
2010	Undergraduate Research Intern IMPACT LGBT Health and Development Lab University of Illinois, Chicago, IL
<u>HONORS AND ACADEMIC RECOGNITIONS</u>	
2018	Awardee , Early-Career Full Scholarship to attend and present at the 3 rd HIV Research for Prevention Conference, Madrid, Spain
2018	Inductee , Delta Omega Honor Society (Public Health), Omicron Chapter
2018	Fellow , Mid-Atlantic CFAR Consortium Scholarship
2014 – 2017	NIH T32 Fellow , University of Pittsburgh Center for LGBT Health Research
2017	1 st Place (of 55 entrants) at the University of Pittsburgh Graduate School of Public Health Annual Dean's Day Research Competition in the Doctoral Category
2017	Rosenkranz Award for the research project designated as having the greatest impact on public health at the University of Pittsburgh Graduate School of Public Health Annual Dean's Day Research Competition
2017	Catherine Cartier Ulrich Memorial Award for Service to the Underserved at the University of Pittsburgh Graduate School of Public Health Annual Dean's Day Research Competition in the Doctoral Category

RESEARCH SUPPORT

Active Support

NIH CFAR/ARC Administrative Supplement (Meanley) **08/20 - 07/22**
NIAID/NIMH P30 MH097488

Adapting and expanding a high-impact social media-delivered sexual health promotion intervention (Project iMPPACS) to African American youth in Philadelphia County

- This project will engage youth to adapt Project iMPPACS, a media-delivered sexual health promotion/HIV prevention intervention that has yielded sustained success among young communities of color in the United States. This study expands on prior implementation by incorporating a newly developed anti-HIV stigma component and will attend to the contemporary social media landscape of African American teens in Philadelphia County.

CFAR Inter-Agency Administrative Supplement (Bauermeister) **08/20 - 07/22**
NIAID P30 AI1045008-16

Role: Co-Investigator

System-level intervention to optimize HIV testing and PrEP delivery among young sexual and gender minorities in Philadelphia

- This mixed-methods study seeks to implement in preliminary evaluate the Health Access Initiative, a quality-improvement intervention to build the service provision capacity of HIV prevention agencies as it pertains to addressing the HIV and sexual-health related needs of young sexual and gender minority communities in Philadelphia.

NIH CFAR/ARC Administrative Supplement (Meanley) **08/19 - 01/21**
NIAID/NIMH P30 MH097488

The Philadelphia U=U Campaign: Evaluation of Treatment as Prevention (TasP) messaging among HIV-affected communities

- This project will evaluate a U=U (“undetectable = untransmittable) expansion of the Philly Keep On Loving PrEP campaign that was launched in February of 2019. Through focus groups and web-based surveys with racial/ethnic minority persons from HIV-affected communities, this study will assess campaign exposure and comprehension as well as attitudes and self-efficacy toward integrating TasP into one’s personal HIV prevention repertoires.

CFAR Inter-Agency Administrative Supplement (Bauermeister) **08/19 - 01/21**
NIAID P30 AI1045008-16

Role: Co-Investigator

Implementation barriers and opportunities to optimize HIV testing and PrEP delivery methods among young men who have sex with men in Philadelphia

- This mixed-methods study seeks to examine Philadelphia Department of Public Health-funded HIV test counselors’ information, motivation, and behavioral skills regarding PrEP delivery and counseling through bi-

annual web-surveys and explore structural and organizational contexts that facilitate/hinder their PrEP delivery to YMSM via focus groups and in-depth interviews.

Multicenter AIDS Cohort Study

(Plankey/Friedman)

07/19 - 06/21

3R01MD010680-04S1

Role: Co-Investigator

Patterns of Healthy Aging among Men Who Have Sex with Men

- This sub-study of the Multicenter AIDS Cohort Study is a longitudinal examination of social and behavioral factors associated with progression along the HIV care continuum among middle-aged and older adult MSM. This study was developed based on a majority of people living with HIV are above the age of 50 in the United States and with an interest to explore patterns of resiliencies and positive social resources. This study aims to inform the development of health promotion programs to support healthy aging among MSM.

Adolescent Trials Network

(Stevens)

02/19 - 09/19

1U19HD089881-01-8780 (PI: Bauermeister, J)

Role: Project Director

NEXTChoices in HIV Prevention

- This formative study aims to use natural language processing in social media to assess youth (ages 13-24) perspectives on the next generation of biomedical HIV prevention modalities and behaviorally congruent methods. These data will inform health communications as new prevention modalities become available.

NIH Loan Repayment Program

(Meanley)

09/18 - 08/20

National Institute on Minority Health and Health Disparities

Role: Principal Investigator

Resiliency Approaches in HIV Disparities Research on Sexual and Gender Minority Populations

- The purpose of this research program is to contribute to the body of knowledge on stigma, resilience, and their effects on the health among young sexual and gender minority (SGM) populations; inform the development of pragmatic interventions to reduce stigma and strengthen resilience within an HIV context; and address sexual health-related disparities experienced by SGM populations.

Research Institute for Diverse Scholars

(Meanley)

06/18 - 06/21

NIH R25MH087217 (PI: Kershaw, T)

Role: REIDS Scholar/Principal Investigator

- This pilot study is a mixed-methods assessment of Philadelphia area HIV test counselors' and PrEP navigators' perceptions of PrEP, experiences of PrEP rollout, and their self-efficacy to educate and link high-risk young men who have sex with men to PrEP medical care.

Past Support

Mid-Atlantic CFAR Consortium (MACC) (Meanley) **01/18 - 12/18**

Role: MACC Scholar/Principal Investigator

Neighborhood and Social Network Factors Associated with Young Men Who Have Sex with Men's Engagement across the PrEP Care Continuum

- This social ecological assessment was a mentored pilot study to better understand young men who have sex with men's (YMSM) readiness to engage in PrEP-related care across the PrEP continuum.

5T32MH094174-04 (Stall) **08/14 - 07/17**

National Institute on Minority Health and Health Disparities

Role: Pre-Doctoral Trainee

A Training Program to Address HIV-Related Health Disparities in MSM

- This training program organizes an internationally recognized group of scholars to develop expertise on HIV-related health disparities research with MSM communities. This program offered interdisciplinary training to better identify and strategize efforts to reduce HIV risk in populations like Black MSM and substance-using MSM who yield poorest outcomes along the HIV care continuum.

MAC AIDS Fund/Ford Foundation (Bauermeister) **06/11 - 05/14**

Role: Research Analyst

Social Vulnerabilities & HIV/AIDS Risk among African and Latino Young MSM

- Using a research-to-practice approach, the goal of this study is to examine how structural & cultural factors create barriers that exacerbate the HIV vulnerability of Black & Latino young men who have sex with men and transgender individuals living in the Detroit Metro Area (DMA).

5 U38 HM000449-05 (Bauermeister) **01/13 - 09/13**

Centers for Disease Control and Prevention

Role: Graduate Research Assistant

Get Connected: An STI Testing Navigation Tool for Young Men who have Sex with Men

- This mHealth study sought to develop a tailored intervention that increases YMSM's HIV/STI testing in Metro Detroit.
