

# University of Pennsylvania - School of Nursing

## PLAN OF STUDY

Name: \_\_\_\_\_ Date: \_\_\_\_\_ Date of Matriculation: \_\_\_\_\_

Advisor: \_\_\_\_\_ Advisor Signature: \_\_\_\_\_

**The proposed plan of study should reflect which semester each of the required and concentration courses will be taken. It may be attached as a separate page using this format if space does not allow it to fit on this form.**

The seven **required courses** that must be taken by each doctoral student in nursing are:

N750 Inquiry and Nursing

Statistics I (either SOC535, STAT500, or PUBH501)

N753 Evolving Nursing Science

Statistics II (either SOC536, STAT501, or EPI524/525)

N813 Qualitative Paradigm Empiric Research

N800 Dissertation Seminar

N754 Quantitative Research Designs and Methods

Fill in the grid below. The plan of study should include the following:

1. Title for your plan of study
2. Provide a general overview of your objectives and state how the plan will support your dissertation
3. List each course you propose to take including the number, course title, instructor's name, and a description of the course, and the rationale for selecting this course.

TITLE: \_\_\_\_\_
