## Historical Sketch

---

The Pennsylvania League for Nursing (PLN), a constituent member of the National League for Nursing, represents nurses and other health care professionals interested in fostering the development of nursing and comprehensive health care services. Founded in 1953 to serve both professional and lay persons of Pennsylvania and headquartered in Harrisburg, the PLN was formed with the purpose "to foster the development and improvement of hospital, industrial, public health, and other organized nursing services and of nursing education, through the coordinated action of nurses, allied professional groups, citizens, agencies and schools to the end...that the nursing needs of the people of Pennsylvania shall be met."

The agency has held annual conventions since 1953 and was actively involved in accreditation of schools of nursing under the National League for Nursing. In 1989, the PLN closed their Harrisburg office and donated their inactive records to the Center.
