Baccalaureate Education in Nursing: Key to a Professional Career in Nursing—BRN 1988-1989

Council of Baccalaureate and Higher Degree Programs Division of Research
Baccalaureate Education in Nursing: Key to a Professional Career in Nursing—BRN 1988-1989 is the supplement to Baccalaureate Education in Nursing: Key to a Professional Career in Nursing 1988-1989. Baccalaureate Education in Nursing lists all basic baccalaureate programs accredited by the League. Those programs that accept registered nurses as well as basic baccalaureate students are identified as "BSN and BRN" in the "Programs Offered" section of the particular entry. The overwhelming majority of basic baccalaureate programs now accept both basic and registered nurse students.

This supplement, however, lists baccalaureate programs accredited by the National League for Nursing and designed specifically for registered nurses (i.e., BRN programs). This supplement will be particularly useful to those persons interested in programs designed specifically to meet the needs of registered nurses who are returning to school to complete their baccalaureate degrees.

The following information is listed for each school:
- Tuition (per year)
- Administrative control
- Number of graduates 1987
- Number of enrollments Fall 1987
- Part-time study possible.

We are confident that, used as a unit, both Baccalaureate Education in Nursing and this supplement will prove to be the most effective sources of information for individuals who are interested in all types of baccalaureate programs in nursing.
CALIFORNIA

CAL STATE COLLEGE SAN BERNARDINO
5500 STATE COLLEGE PKWY
SAN BERNARDINO, CA 92407
DR JANICE M LAYTON, CHAIRPERSON (714) 887-7346
